What to Expect During Your Stay

The following is an overview of the services we provide to our patients.

ADMISSIONS

Our admissions office is open Monday through Saturday from 9am to 5pm. For your convenience, we are also available 24/7 to assist with any needs after hours. Once you are settled in your room, an admissions coordinator will come see you to complete all the necessary paperwork. Please have your insurance cards, COVID-19 vaccine cards (if applicable), and any other pertinent information available.

If you are admitted outside of office hours, we will schedule a time for an admissions coordinator to see you.

PHYSICIAN SERVICES

Each patient at our facility (whether you're here for ventilator care, short-term rehabilitation, a respite stay, long-term care, or hospice services) will be assigned to a dedicated physician group. Your assigned physician, along with their team of clinicians, will be responsible for your care throughout your stay. They will be available to address your daily medical needs and ensure that you receive the attention and support necessary for your well-being.

MEDICATIONS

Medications will be provided by our contracted pharmacy. Upon admission, your hospital discharge medications will be ordered and sent directly to the facility. There is no need to provide your own medications as these are all included in your stay, unless otherwise instructed.

SOCIAL SERVICES & DISCHARGE PLANNING

Soon after admission, you will receive notification of your initial care plan meeting. A care plan meeting is your and your loved ones' opportunity to meet with the interdisciplinary team and review your goals and discharge plan.

Our social services department will work with you to ensure that your discharge plan meets your goals and aligns with the recommendations from your primary physician and team. They are committed to helping you find the resources you need, whether you're preparing to return home or seeking suitable placement options; be it with family, assisted or independent living, or long-term care within our facility.

For those transitioning back to their homes, our social worker will assist in arranging all necessary equipment, coordinating home care services, and setting up outpatient or home therapies.

Discharge time is between 9:00am and 11:00am on your designated discharge date. We aim to make your transition as smooth and comfortable as possible, ensuring that both you and your family are well informed and supported throughout the process.

THERAPY

The goal of our rehabilitation department is to help you regain your previous level of functioning—or even surpass it! We provide in-house physical, occupational, and speech therapy, ensuring that each patient receives a personalized approach tailored to their specific exercise needs.

Our therapy services are available seven days a week, including holidays, to accommodate your schedule.

Treatment plans are continuously updated, and each patient will be scheduled based on their tolerance, individual requirements, and insurance coverage.

We are dedicated to supporting you every step of the way on your path to recovery.

LONG-TERM CARE

Long-term care is available at our facility for patients needing a higher level of support. In addition to accepting private pay we are contracted with the most long-term care policies. Our business office will be happy to guide you through the next steps when applying for Medicaid.

Our specialized unit provides both ventilator weaning for those transitioning off mechanical support and long-term care for individuals requiring ongoing assistance.

Under the expert leadership of Dr. Allen Silvey, a board-certified pulmonologist, our team is committed to delivering exceptional respiratory care around the clock.

With state-of-the-art equipment, evidence-based practices, and a compassionate approach, we strive to enhance the quality of life for every patient. Whether the goal is recovery or long-term management, we are here to provide unwavering support tailored to everyone's unique circumstances.

GOOGLE REVIEWS

Cedar Grove takes very excellent care of my father and the facility is extremely clean. I've never had a complaint or negative thing to say about the wonderful staff. I can honestly say my dad looks better each time I see him. Thank You!

- Willie Beaman

I'm currently a patient here at Cedar Grove and the only reason I chose this facility is because it was close to home. I'm so glad I did! Everyone has been so nice and the staff has really been great.

- Chucky B.

"I'm a first time visitor to Cedar Grove. We visited my son-in-law, Alex. The facility was beautifully laid out... Security at the front desk was VERY professional and friendly. NO ODORS...NOTHING UNSIGHTLY!! The facility was super clean. Alex is in VERY good hands with Cedar Grove!! We are very happy. THANK YOU!!"

- Wanda Logan

"The team at Cedar Grove provides excellent care for my father. The people, facility and food are all first rate. He had been at another facility but find the care better here. I recommend this facility for rehabilitation needs. First rate."

- Frank McIntire

"I was able to see my family in a clean organized room, holiday music playing and live karaoke. I enjoyed my visit and staff was very kind, willing, and able to take care of their patients. I felt good leaving as he is in good hands! Thank you!! God bless!"

- Theresa Nardin

"This facility is awesome. The nurses, doctors and staff are all so friendly and helpful. The premises are clean and in beautiful condition. I feel like my husband will benefit greatly from being here. I can go home at night and feel confident he is well taken care of."
